The Boss

Respected Sir,

Thank you so much for the wonderful Employee Appreciation Luncheon, thank you card and gift. It means a lot to me knowing that my work and the extra hours I put in during crunch time are appreciated. I feel lucky to have such a great supervisor. You have a terrific way of making each member of our team feel valued and important. It's part of what motivates us to work together to achieve the goals you've set for our department. Thank you again for the great lunch and for the continued business inspiration!

Thankyou

Regards
